

# **Sensors and Signals**

## **Table of Contents**

Chapter 1	Introduction	1
Chapter 2	Signal Processing and Modulation	7
Chapter 3	Radiometers and Image Intensifiers	41
Chapter 4	Millimetre Wave Radiometers	77
Chapter 5	Active Ranging Sensors	111
Chapter 6	Active Imaging Sensors	147
Chapter 7	Range Measurements Applications	171
Chapter 8	Signal Propagation	209
Chapter 9	Target and Clutter Characteristics	247
Chapter 10	Detection of Targets in Noise	283
Chapter 11	High Range Resolution Techniques	303
Chapter 12	High Angular Resolution Techniques	357
Chapter 13	Range and Angle Tracking	409
Chapter 14	Doppler Measurement	443
Chapter 15	Tracking Moving Targets	463
Chapter 16	Radio Tags and Transponders	501
Chapters 17	Tomography and 3D Imaging	513
